" Sibir, tajne ljudske baze su napadnute!

Počeo je protokol F3356-666 ...

Drevni su uništili ljudsku bazu u roku od mikro sekunde. Moramo odati priznanje dobro su se borili Zemljani... "

- Zar ne vojniče?

Oficir: Ja sam oficir. Zovite vašeg glavnog! Ako umete da pričate mojim jezikom gadovi!

" Kada je to Oficir izgovorio jedan od Drevnih ga je pogledao, preneo mu je dve vizije. Jedna je totalno uništeno Čovečanstvo a druga je Čovečanstvo koje je isto kao i sada... I poručio mu je ako se ne promenite bićete uništeni.

Drevni mu je to preneo mislima... A oficir je sve to na neki način doživeo ne samo mislima nego i fizički kao da je putovao kroz prostor i vreme u deliću sekunde... "

Drevni: Naš glavni kako kažeš sada dolazi!  
Diži se na noge.

" Oficir je bio smrtno preplašen šta će da mu uradi tek njihov glavni? Da video je Drevne u pravom obliku i nisu napali obližnje ljudske baze bez razloga... Ljudi kao po običaju prvi izazovu... "

Oficir: Neće te me ubiti?

Drevni: Nećemo. Ti ćeš da preneseš poruku.

" ... Šo. Glavni je došao u pratnji za Savetnikom i generalom Rejem.  
Generalom baze Drevnih u Sibiru na planeti Zemlji. "

Šo: Došao sam.

Drevni: Zemaljski Oficir pale baze je izrazio želju da priča sa tobom.

Šo: Oficir kažeš? Idem da vidim šta ima da kaže...

Oficir: ... ti si glavni?! Izgledaš kao čovek?

Šo: Ne dozvolite da vas moj izgled zavarava. Oficiru.

Samo živim skriveno među ljudima i proučavam ih, neke sam zavoleo neke sam...

Ali nismo iz tog razloga ovde da pričamo zar ne?

Oficir: Zašto nas napadate?

**Šo:** Odbrambeni sistem vas je napao.  
Zašto što ste vi prvi napali nas.

Oficir: ... napali ste nas zato što smo oteli jednog vašeg? Izvini.

" Oficir se poklonio i krenuo je da moli Šo-a da poštedi njegovu zemlju i ako mu je Po govorio da se ne klanja. Oficir i kao je poražen mora da sačuva svoju čast! Šo mu je rekao da mora da pošalje poruku, da Drevni ne diraju prvi nikoga sem ako nisu izazvani. Šo mu je rekao da to nije bio Drevni nego Pledijac... "

**Šo:** Moraš nešto da vidiš pre nego odeš...

Oficir: O bože...

" Kada je oficir krenuo... Šo je vratio samo njegovu celu bazu i ljude u normalu pre napada Drevnih, svi ljudi su oživali i bili u čudu jer su gledali Šo-a i ostale Drevne kako nestaju u izmaglici ali oficir je čuo ovo... "

**Šo:** Možda ćeš jednog dana naučiti da...

P.S ... da tvoj način? Nije jedini...

"Siberia, secret human bases are under attack!  
Protocol F3356-666 has started..."

The Ancients destroyed the human base within a micro second. We have to give credit, the Earthlings fought well..."

- Isn't it, soldier?

Officer: I'm an officer. Call your boss! If you can speak my language you bastards!

" When the Officer said that, one of the Ancients looked at him, he gave him two visions. One is a totally destroyed Humanity and the other is a Humanity that is the same as it is now... And he told him if you don't change you will be destroyed.

The ancient conveyed it to him with his thoughts... And the officer somehow experienced all this not only with his thoughts but also physically as if he traveled through space and time in a fraction of a second... "

Ancient: Our main as you say is coming now!  
Get to your feet.

"The officer was scared to death of what their chief would do to him? If he had seen the Ancients in their true form and they hadn't attacked the nearby human bases for no reason... Humans, as usual, were the first to challenge..."

Officer: You're not going to kill me?

Ancient: We won't. You will deliver the message.

" ... Šo. The chief came in escort after the Counselor and General Ray.  
General of the base of the Ancients in Siberia on planet Earth. "

**Šo:** I came.

Ancient: The Earth Officer of the fallen base has expressed a desire to speak with you.

**Šo:** An officer you say? I'm going to see what he has to say...

Officer: ... you're in charge?! You look like a man?

**Šo:** Don't let my looks fool you. Officer.

I just live hidden among people and study them, some I have come to love, some I have...

But that's not why we're here to talk, right?

Officer: Why are you attacking us?

Šo: The defense system attacked you.

Why did you attack us first?

Officer: ... you attacked us because we kidnapped one of yours? Excuse me.

" Officer bowed and went to beg Šo to spare his country and if Poe told him not to bow. The officer, even though defeated, must preserve his honor! Šo told him he had to send a message, that the Ancients don't touch anyone first unless provoked. Šo told him that it was not the Ancient One but the Pledian..."

Šo: There's something you need to see before you go...

Officer: Oh god...

" When the officer left... Šo brought only his entire base and people back to normal before the Ancients attacked, all the people revived and were in awe as they watched Šo and the rest of the Ancients disappear into the mist but the officer heard this... "

Šo: Maybe one day you'll learn to...

P.S ... yes your way? He's not the only one...
