

◊ DNEVNIK - Novi rat ...

RS Strana 9725 - Solarni dan 9549 / Računa se po Zemaljskom vremenu

- Marko Nikolić , instagram.com/nikoliccc02, linkedin.com/in/markonikolic98 -

Lokacija: Planeta Terrana...

Šo: ... ovde sam već pola dana. Gde je Alsi(Alss'sea)?

Terranski vojnik: ... Šo. Ona je u pa...

" Šo je primetio da nešto nije uredu teleportovao se u njenu privatnu sobu ali video je da je tamo nema samo pokriven krevet njenim kraljevskim simbolom...
... izašao je iz njene sobe i video je prvog stražara i pitao ga je? "

Šo: Gde je ona? Šta se dešava? Jeste normalni? Što mi niste rekli? Znaš da mogu da vam čitam misli! Što nisam čitao odma.....

Stražar: Šo. Čekaj!

" ... Šo je saznao da je Alss'sea zarobljena od strane zle frakcije Reptelijanaca na koloniji te iste frakcije.

Šo je iz besa kreno na koloniju...

Ostali Drevni probali su da ga zaustave ali toliko je brzo išao da nisu mogli da ga stignu. Od Terre do kolonije Reptilijanca došao je za mikro sekundu... Nije se teleportovao išao je je pravolinijski ... "

Šo: GDE JE !?

Reptilijanci: Zakasnio si. Bila je ukusna.

" Reptilijanac je držao njenu ogrlicu u rukama i smejavao se ! "

Šo: ŠTA?! Sve će vas pobiti bre.

" U roku od dve sekunde cela planeta tačnije kolinija bila je spaljena do temelja, sav biljni i životinjski svet bio je spržen u vatri...
U trećoj sekundi planeta je bilo toliko pretopla da je ličila na zvezdu ... "

Ostali Drevni telepatski: Šo! Šo !!! Smiri se!
Uništavaš i okolne solarne sisteme!

Kapljica: Šo! Šo. Šta radiš to? Smiri se...

Šo: Ubili su je! Moju Alsi....

Kapljica: ... Šo! Možemo da je vratimo iz mrtvih! Šo smiri se!

Šo: Stvarno? "Zaboravio je od besa ... "

Ostali Drevni: Naravno Šo. Visočanstvo?

"Kapljica je zagrlila Šoa rukom je dala znak ostalim Drevnima da se ne primiču da ga ona smiriva..."

Kapljica: ... Šo dobro si sada?

Šo: Jesam ...

Kapljica: ... pa Šo. Vrati je! Imaš tu moć!

Šo je vratio Alss'eu bukvalno ni iz čega iz smrti...

Alss'sea: Šo šta se desilo? Gde smo ovo? Kapljice?!

Šo: Alsii! Alss'sea! Nemoj ovo više da mi radiš!!! "Zagrlio je Alss'eu..."

"Posle 5 minuta su vratili Alss'eu na Terranu ostali Drevni koji su bili sa njim i sa Kapljicom ostali su na planeti i popravljali su ostale oštećene Solarne sisteme. Šo i ostali su se dogovrili na Terrani da ništa ne pominju Alss'sei. Za njeno dobro. Kralj Terrane tačnije njen otac joj je posle nasamo pričao... Gde je bila...

... posle je Šo otišao da poseti Alss'eu u njenu sobu. "

Šo: Alsi? Spavaš? Doneo sam ti tvoj omiljeni čaj...

Alss'sea (Alsi) : Šo sedi. Svega se sećam.

Mučenja od strane Terranca svega se sećam i da si plakao zbog mene.

Hvala što si me vratio Šo!

"Šo joj nije ništa odgovorio samo je spustio pogled ka dole. Ostao je bez teksta...
... Alsi se oporavljala od traumatičnog događaja. Šo joj je posle rekao dok je pila čaj.

Alsi znaš li koji je moj najveći strah? Nije smrtnost, nije vreme.
Šo je besmrtan. Nego?..."

P.S Nego? Gubitak dobrog i pravog prijatelja...
Toga se svi plašimo zar ne?! Zar ne?

◊ DIARY - New war ...

EN Page 9725 - Solar day 9549 / Calculated according to Earth time

Location: Planet Terrana...

Šo: ... I've been here for half a day. Where is Alss'sea?

Terran Soldier: ... Šo. She is in so...

" Šo noticed that something was wrong and teleported to her private room but saw that she was not there, only a bed covered with her royal symbol...
... he came out of her room and he saw the first guard and he asked him? "

Šo: Where is she? What happens? Are you normal? What didn't you tell me? You know I can read your mind! What I haven't read since.....

Guard: Šo. Wait!

" ... Šo learned that Alss'sea had been captured by an evil Reptilian faction on that same faction's colony.

Šo attacked the colony out of anger...

The other Ancients tried to stop him but he was going so fast they couldn't catch up. He came from Terra to the Reptilian colony in a microsecond... He didn't teleport, he walked in a straight line..."

Šo: WHERE IS IT!?

Reptilians: You're too late. It was delicious.

The reptilian held her necklace in his hands and laughed! "

Šo: WHAT?! I'll kill you all bro.

"Within two seconds, the entire planet, or rather the colony, was burned to the ground, all plant and animal life was scorched in the fire... In the third second, the planet was so hot that it resembled a star..."

Other Ancient Telepathic: Šo! Šo!!!
Calm down! You are also destroying the surrounding solar systems!

Kapljica: Sho! Shaw. What are you doing? Calm down...

Šo: They killed her! My Alsie....

Kapljica: ... Šo! We can bring her back from the dead! Šo calm down!

Šo: Really? "He forgot out of anger..."

Other Ancients: Of course Šo. Highness?

" The droplet hugged Šo and signaled with her hand to the other Ancients not to come near that she was calming him down..."

Kapljica: ... Šo are you ok now?

Šo: I am ...

Kapljica: ... So Šo. Bring her back! You have that power!

Šo brought Alss'sea back from literally nothing from death...

Alss'sea: Šo what happened? Where are we? Drops?!

Šo: Alice! Alss'sea! Don't do this to me again!!! " He hugged Alss'se..."

After 5 minutes, they returned Alss'se to Terran, the rest of the Ancients who were with him and the Drop remained on the planet and repaired the other damaged Solar Systems. Shaw and the others agreed on Terran not to mention anything to Alss'se. For her sake. The King of Terran, or rather her father, told her privately afterwards... Where was she...

... afterwards Shaw went to visit Alss'se in her room. "

Šo: Alsie? You sleep? I brought you your favorite tea...

Alss'sea (Alsi) : Šo is sitting. I remember everything.
I remember all the torture by the Terran and you crying because of me.
Thanks for bringing me back Shaw!

Šo didn't answer her, he just looked down. He was speechless...

... Alsi was recovering from a traumatic event. Shaw told her afterwards while she was drinking tea.

Alsi do you know what my biggest fear is? Not mortality, not time.
Šo is immortal. Than?..."

P.S Than? Losing a good and true friend...
That's what we're all afraid of, right?! Is not it?
